Fantastic Time Had At The Made in The Midlands Expo!

Minster had a really great day exhibiting as a **Gold member** for Made in the Midlands's 2015 expo and met some fantastic, **local and like-minded companies** to discuss business with. We found it an excellent **opportunity to network** with many different businesses and also catch up on the latest trends and news within the manufacturing industry.

As around **60% of our customers are in the manufacturing sector**, it was an excellent platform for us to showcase our products and discuss with other exhibitors the challenges that we have **helped our clients** in the same sector overcome.

All in all the Made in the Midlands exhibition was a fantastic event that we are proud to say we were a part of. We would like to congratulate the MIM team on their efforts in organising a fantastic day. We are already looking forward to MIM Expo 2016...!

'Toughest' Challenge for Minster's Mike & Neil

Minster's Neil Crabbe (Support Consultant), left and Mike Fielding (New Business Consultant), right, half way through the 'Tough Mudder' 2015 challenge!

We are pleased to announce the appointment of Mike Fielding as a **new member of our sales team**.

Mike brings with him **15 years sales experience** and adds a further dimension to Minster's expanding sales and account management team. Minster is continuing to recruit for a number of positions across the business, as part of a **major recruitment drive**, with Mike's role focusing on working with local SME's to help them **gain the best** from their existing IT systems and processes.

In the mean time, Mike and another of the Minster team, Neil Crabbe, took part in what is deemed as '**probably the toughest event on the planet**' - Tough Mudder. Both of them successfully completed the **full 11.2 mile** course enduring a variety of challenging obstacles involving **mud, freezing cold water, electricity, and fire**. Talking about the event, Mike said "I thought it'd be easier taking part in this for a second time... how wrong was I?! Can't wait for next year though!"

We are very proud of both of them and are already enjoying Mike's contribution to the Minster team!
